**ACE Toolkit Pilot  
Potential Sites and Rationalization**

1. **EMMC, CMMC and/or MMC** – PCI centers with vested interest and contributions in project, one in each region, and many existing community partners, including Healthy Maine Partnerships and EMS. Also likely to have personnel necessary to effectively implement the pilot.
2. **Maine HeartSafe Communities designees** –Based on regional location and coverage area, local partnerships and staff capacity: Examples include: **Delta Ambulance** – Waterville and 19 surrounding towns, **Med-Care Ambulance** – Mexico and 10 surrounding towns, **Crown Ambulance Service** – Presque Isle and 15 surrounding towns, **United Ambulance** – Lewiston-Auburn and 5 surrounding towns, and/or **Lebanon Rescue Department**.
3. **Healthy Maine Partnerships/Healthy Community Coalitions** –Based on regional location, participation in ACE or signs and symptoms work, and local partnerships: Examples include: **Partnership for a Healthy Community** – Presque Isle and surrounding towns, **Healthy Options Together** – Bridgton and surrounding towns, **Piscataquis Public Health Council** – Dover-Foxcroft and surrounding towns, and/or **Healthy Portland**.
